

Enrolling Your Chrome Device

One Time Setup Guide

Before You Get Started...

You'll need to have ready

Hardware You Are Activating	To Access the Internet WiFi/LAN credentials	Wired (USB) Keyboard	Wired (USB) Mouse	HDMI Cord
Chromebox	✓	✓	✓	✓
Mini Kiosk	✓	✓	optional	✓
Kiosk	✓	✓	optional	✗

If you require assistance, please contact support@functional.fitness

Step 1

- Plug Chrome device in (for Chromebox and Mini Kiosk users - connect HDMI cord to TV Display)
- Device will boot up to network Wi-Fi settings screen
- **Do not sign in to device (yet)**
- Set Up appropriate Wi-Fi network
- Device will walk you through steps to update software, firmware and accept terms

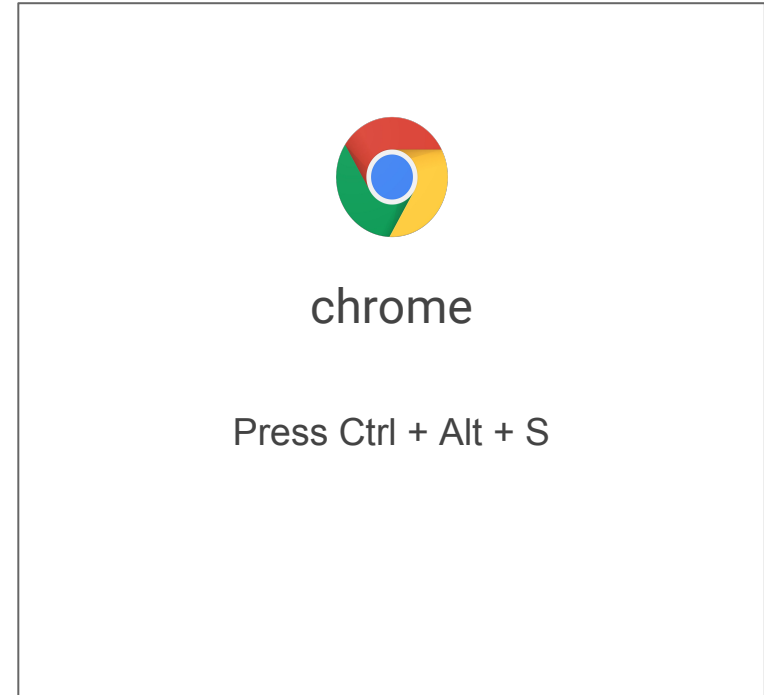

- Next step is critical

If you require assistance, please contact support@functional.fitness

Step 2

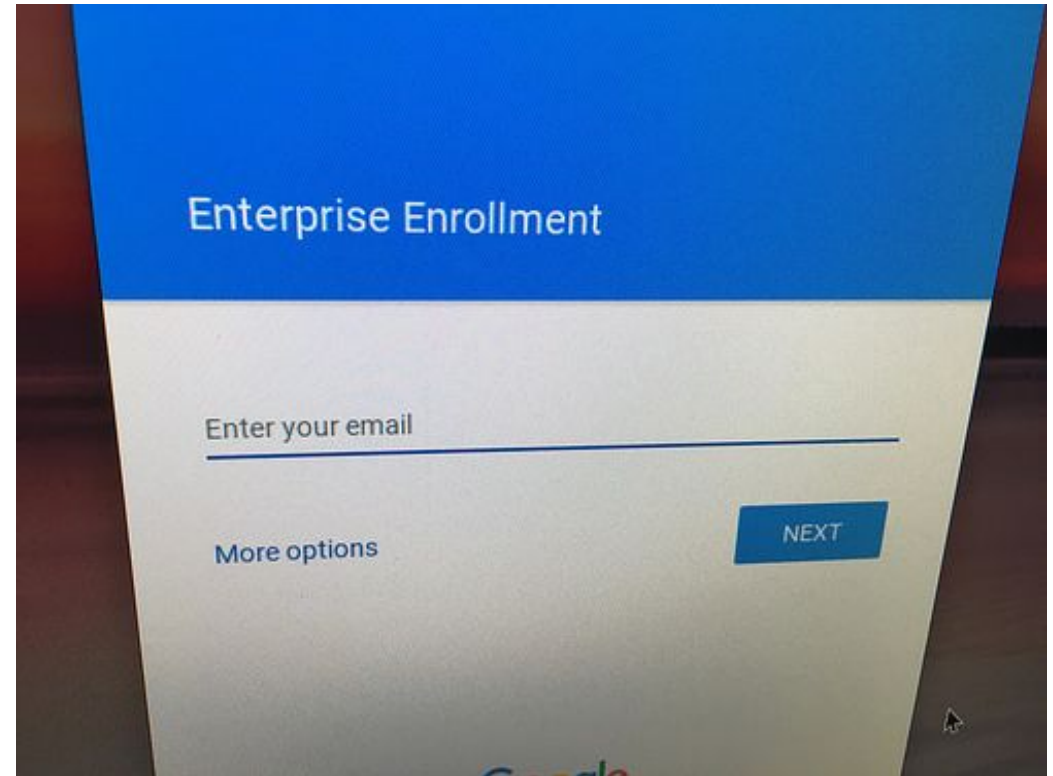

- When this screen appears, do nothing. Let the software load automatically.

do not press Ctrl+Alt+S as instructed

Step 3

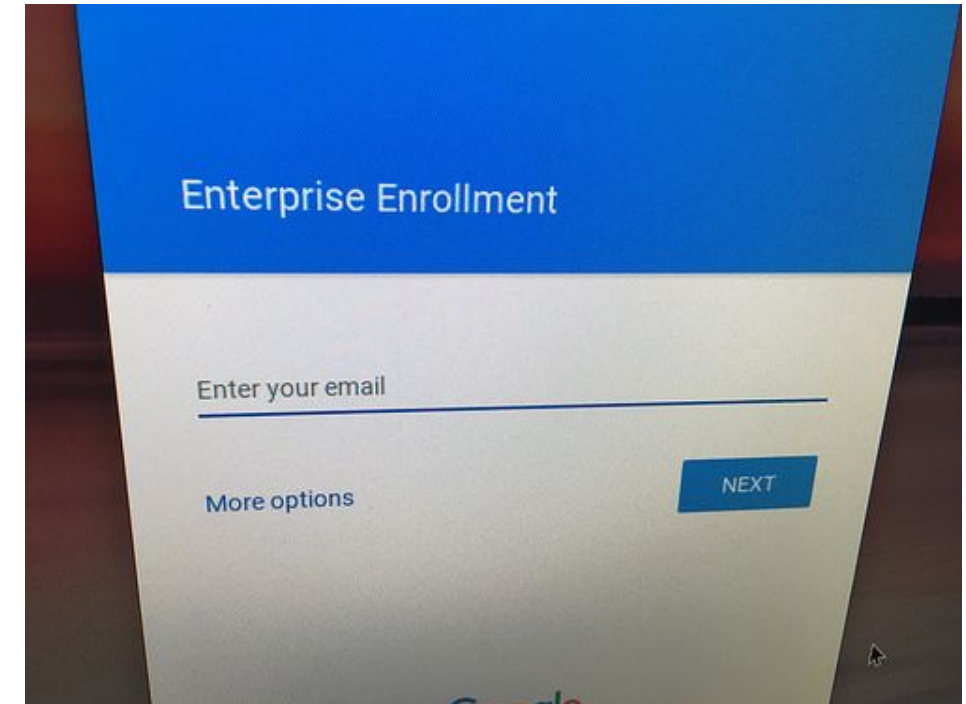

- When prompted to sign in, FIRST hold **Ctrl+Alt+E**
- If done correctly, your sign in should say 'Enterprise Enrollment' and should appear like picture (at right)

If you require assistance, please contact support@functional.fitness

Step 4

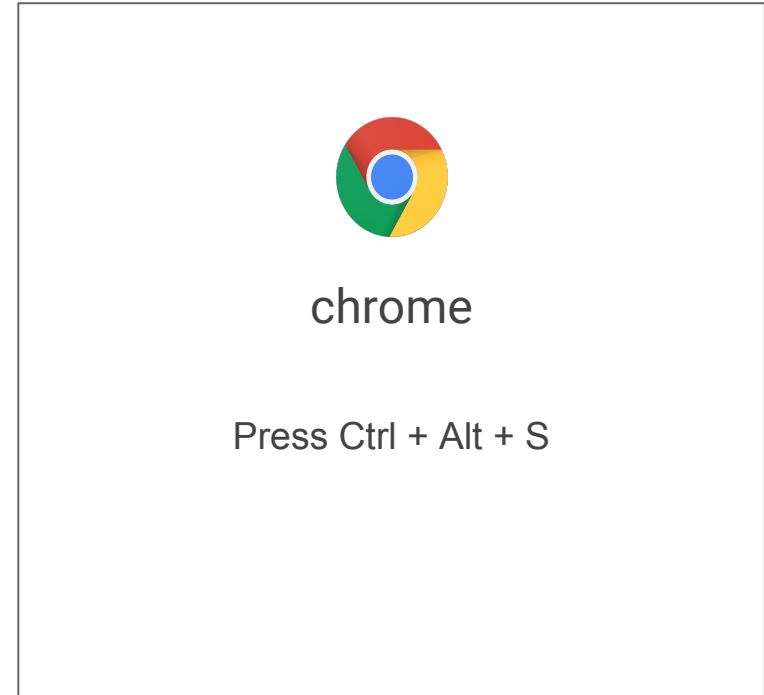

- Enter email as **enroll@functional.fitness**
- Click 'Next'
- Enter the password (case sensitive)
Functional2017

If you require assistance, please contact support@functional.fitness

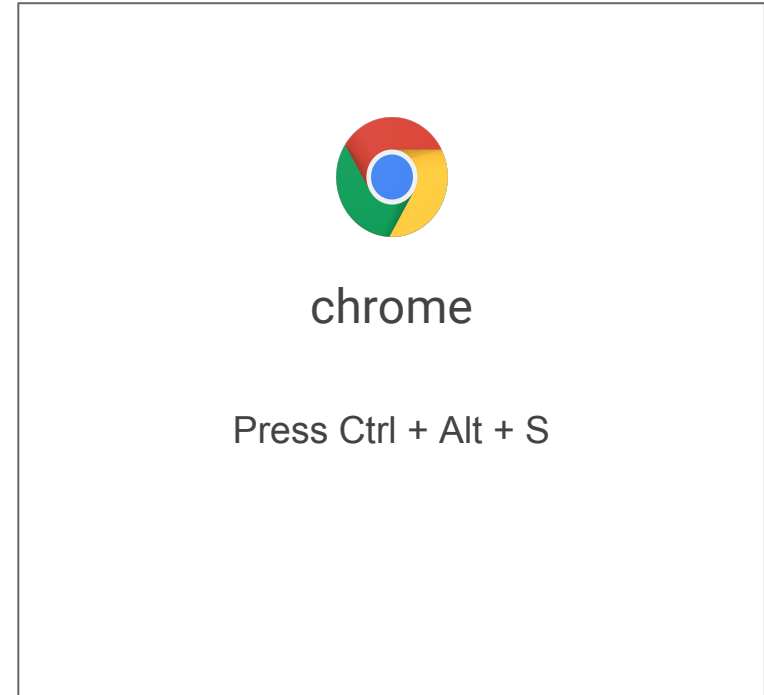

Step 5 (Chromebox and Tablet Only)

- Once you have enrolled your Chrome device, unplug the device and let it reboot to Chrome login screen

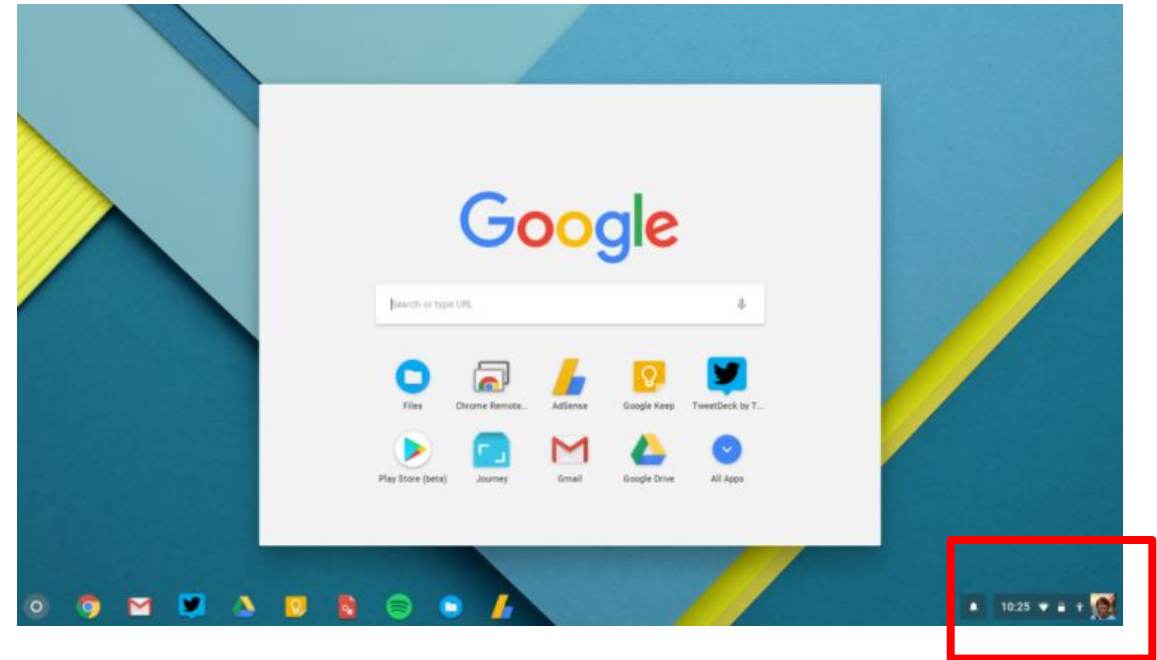

Step 6 (Chromebox and Tablet Only)

- Once the device reboots, type Ctrl+Alt+S to enter the settings mode

Step 7 (Chromebox and Tablet Only)

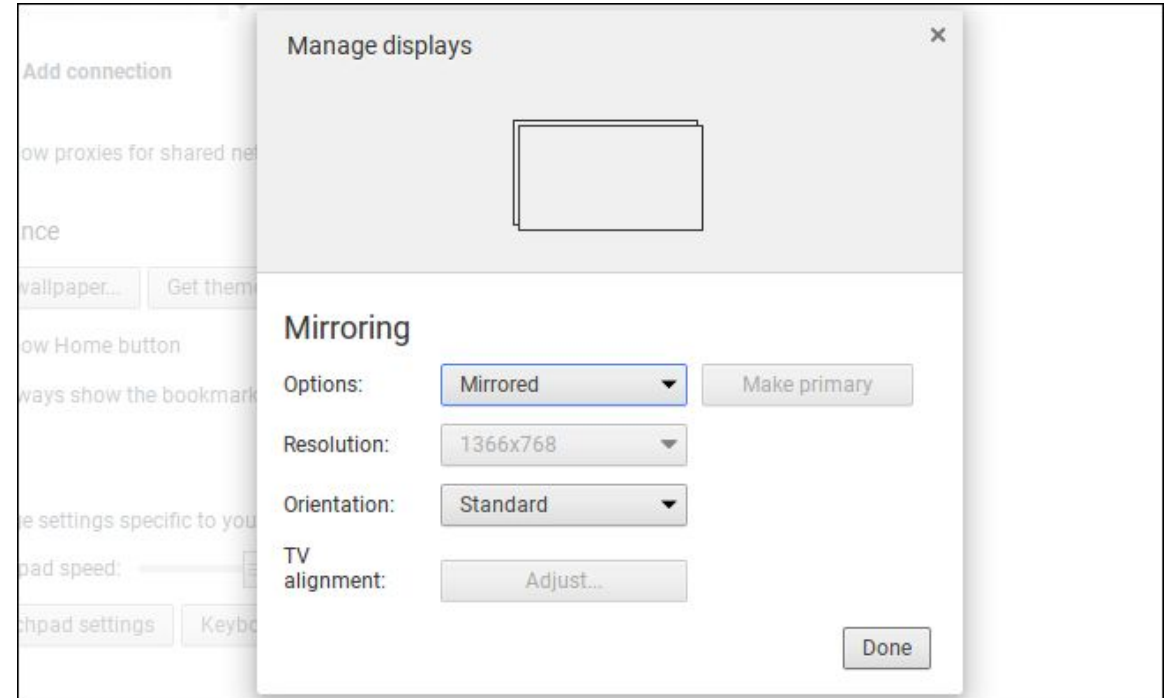

- From the main screen, locate the Settings menu in the lower right corner and click anywhere within the menu

If you require assistance, please contact support@functional.fitness

Step 8 (Chromebox and Tablet Only)

- From the Settings menu, select 'Manage Displays' and choose 'Mirrored' option

Step 9: Contact Us

- Once you have successfully completed the device enrollment, please notify FS Support to associate your device(s) to your FS Software.
